THE NEWS OF THE WEEK.

A Daily Resume of Important Happenings.

March 17.
Ex-Gov. Taylor, of Tennessee, practically announced his candidacy for the United States Senate to succeed Senator Carmack two years hence.

President Roosevelt will visit Louisville April 4. The President leaves his train at Third avenue and a street car will be escorted in Third avenue. At Fourth avenue and Broadway, where the President will be met by an escort of Confederate veterans, a halt will be made while he delivers a short address to the veterans.

The Court of Appeals took under submission the petition for a writ of prohibition sought by Jailer Boggs, of Clark county, to restrain Circuit Judge Riddell, of Breathitt county, from enforcing against him a rule of contempt for failure to deliver Mose Felder and Sam Fields to a special bailiff to be taken to Jackson for trial. Oral argument was not heard.

Secretary of War Taft, in a letter which he has made public, voices the policy of the Administration respecting the failure of the Philippines. Secretary Taft states that this policy contemplates indefinite retention of the islands with the possibility, in the remote future, of independence of them. The Secretary seems to regard this as possible, but not probable, in the time of the next generation.

The joint convention of the Colorado General Assembly yesterday ousted Gov. Alva Adams and seated James H. Peabody as Governor. By a vote of fifty-one and forty-one. The vote was taken after a promise was obtained that Peabody would resign after this inauguration and allow Lieut. Gov. McDonald, also a Republican, to become Governor. Four of the principal opponents interested in the success of the Republicans in the contest gave pledges that Peabody would resign if elected. Scores of messages were received by Adams during the day urging his resignation to the office by force but he ignored the advice.

According to advice received at Wilmett, President Castro, of Venezuela, is maintaining his belief in the attitude and is making preparations for war. He has mounted six new six-inch guns and a number of smaller guns on the heights overlooking La Guaira and Porto Cabello and has small coast defense vessels in easy reach. There is a constant movement of the troops of his military army, which is composed mostly of Indians and negroes. One of Castro's advisers, Col. Lamezo, has issued a bombastic circular in which plans for sending 30,000 Venezuelans to attack New Orleans are disclosed. It is said that some of the diplomats have been able to have an interview with Castro for many months, and some of them are declaring that the existing situation cannot be prolonged.

March 18.
It has been discovered in Washington that a number of Federal Judges have been visiting the law which forbids the appointment of relatives of such Judges to offices in the courts of which they are members.

The Court of Appeals affirmed the decision of the Harrison Circuit Court sentencing Tom White to life imprisonment in the State penitentiary for complicity with Curtis Jett in the assassination of James B. Mumfurn at Jackson, May 4, 1903.

The Hon. Thomas H. Paynter, of Greenup, member of the Court of Appeals for the Sixth appellate district, formerly announced his candidacy before the Democratic joint caucus of the next General Assembly for the office of United States Senator, to succeed Senator Blackburn. He stated that he would represent no faction.

France has officially informed the United States of the action of the Venezuelan Government against the French Cable Company which she regards as high-handed. It is probable that the French Ambassador will confer with President Roosevelt next week for the purpose of learning the policy which this Government proposes to follow in Venezuela, so that the French Government may adopt a similar line of policy.

The resignation of Gov. Peabody, of Colorado, was produced yesterday and filed with the Secretary of State. It was immediately certified and Lieut. Gov. McDonald was sworn in as Governor. Peabody's resignation was written Wednesday and placed in the hands of a Colorado Springs man for safekeeping. Gov. Alva Adams declared yesterday that he had submitted to an outrage that could not be peacefully prevented.

The President attended the annual dinner of the Friendly Sons of St. Patrick in New York yesterday, as guest of honor. He made a speech on the Irish elements in our population. Among other things he said the Irish were a masterful race of rugged character, hard workers and hard fighters, but also doing their share toward the artistic development of the country. The President also attended the wedding of his niece, Miss Eleanor Roosevelt, and gave away her bride. He was greeted by cheering crowds wherever he appeared.

Gen. Kurupshin has left the Russian army and is returning to St.

Petersburg in disgrace. Gen. Linvitch has assumed command and the few dispatches from the east of war indicate that the Japanese are still moving north, intending to cut the railway and prevent the Russian retreat to Harbin. There is a possibility that the line has already been cut, and rumors to that effect are prevalent in St. Petersburg. Reinforcements for the Russian army are leaving Harbin for the south. Both Germany and France are making efforts for peace, but the Czar still repudiates every suggestion of the kind.

Senator Morgan yesterday offered and challenged the Senate to accept a resolution calling on the Committee on Foreign Relations to enquire into the correspondence between the United States and Santo Domingo, and the relations of all persons to such negotiations. The Senator said that if such investigations should be made, the truth of the charges advanced by him, relative to the connection of William Nelson Cromwell, of New York, with the affairs of Santo Domingo and the United States would be proven. Mr. Cromwell yesterday issued a statement denying the charges affecting him. It is expected that the Senate will adjourn today and will either reconvene the treaty or allow it to lapse. It is the purpose of the State Department to proceed with the collection of Dominican customs.

March 19.
Ex-Gov. Alva Adams, of Colorado, yesterday issued a statement, in which he scathingly arraigns Peabody and the conspirators whose machinations resulted in his removal from office. The pledge to resign on being seated he characterized as one which an honest man would rather die than give. "A majority cannot make stealing respectable," he says in another place. Again he says: "A stolen governor can only bring disaster."

Secretary of State Hay was taken suddenly ill yesterday while going on board the steamship Cretic for a voyage to the Mediterranean. The Secretary recoiled as he went up the gangplank and would have fallen had he not been supported by a friend. As the steamer passed Sandy Hook she displayed a signal saying the Secretary was much better. No word of his condition probably will be received until the Cretic reaches the Azores.

The extra session of the United States Senate adjourned sine die yesterday without taking final action on the proposed treaty with Santo Domingo. It thus goes over and will be on the calendar when the Senate meets again. Othello B. Reeder and wife, composing the "Reeder syndicate," yesterday issued a statement in which they claim that they had concluded an agreement with the Dominican Republic by which Mrs. Reeder was to act as its agent in negotiating a treaty with the United States looking to its fiscal rehabilitation, when President Morales was notified from Washington that Commander Dillman would be sent at once to Dominican waters that he then withdrew from the agreement. The Reeder syndicate also stated that previous to entering into negotiations with the Dominican Republic they had consulted William Nelson Cromwell, of New York, as their attorney. Mr. Cromwell yesterday issued a statement again denying any connection whatever with the Reeder or with the affairs of the republic.

The Chinese at Harbin say notification has been received that the Japanese will enter that city on April 10 and there is great excitement in consequence. It is reported from Yinkow that the Russian rear guard is fighting a heavy action in the vicinity of Kalyum, about twenty miles north of the T. Pass. Reports from Kurupshin and Linvitch have been received at St. Petersburg, merely notifying the Emperor of the transfer of command of the Russian army. The Russian Government continues to declare that whatever the fate of Harbin or the Eastern army the war will be continued. There are still no data from the battle of Mukden with reference to the Russian casualties. Internal conditions in Russia are said to be showing some improvement. Moscow, however, is still a storm center, and the police have discovered evidence there of a widespread terrorist plot. About 300 persons have been arrested on suspicion of being connected with the revolutionary movement. Mobilization of a new army has begun and the orders to Admiral Roopostovsky to try coasts with Yogo are still in effect.

March 20.
John M. Flaxer, said to be the oldest Knight Templar in Louisville, died last evening. He had been a member of Louisville Commandery, No. 1, for fifty-four years.

The Panama Canal Commission has prepared and filed with the Secretary of War a letter replying in detail to criticisms of its conduct of affairs on the isthmus made by Dr. C. A. L. Reed. The commission takes up the charges in detail, and declares that they are all "absolutely false."

Home Made

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome.

Royal Baking Powder helps the housewife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.

Royal is the greatest of bake-day helps.

ROYAL BAKING POWDER CO., NEW YORK.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; leads, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

CHARLEY.
Moving and selling are all the go since our last letter. Chitt Griffith sold his farm to Ed Austin, of Logan, W. Va., and he has moved to it. Robt. Meade sold his great mill to Chitt Griffith for \$10,000. Mart Moore, Jr., sold his house and lot to E. L. Moore for \$150. R. B. Spencer sold his house and lot to W. M. Chapman for \$425. Mr. Spencer will move to Buffalo, Johnson county, soon. Roscoe Burton has moved to Buffalo. Uncle Al Miller moved into the house vacated by Mr. Burton. Wesley Judd has moved to Buffalo, also. We are sorry to have these people leave us. John and Jay Adams and Lee Reed have moved to Ohio. Scott Martin has become a citizen of our town. Davis Burton has gone to Palmetto to work this summer. Aunt Pam Spencer sold her farm to Jack Thompson for \$175 and has moved her household goods over here to Gus Moore's, where she will make her home. Dr. Wheeler has returned from college and has taken up his practice again here. There were quite a large crowd at the baptizing here Sunday. There will be another big baptizing here in May.

The "Free Will Baptists" have organized a church here making two churches with Methodists. R. A. Meade and Scott Martin are lumbering on the John Pack branch. Miss Emma Borjes has moved back to her old home at Ulysses. We are sorry to have her leave our Sunday School. Mr. Scott Martin has been appointed Superintendent to succeed Miss Emma. A Master mechanic came up from Catlettsburg this week to fix W. M. Chapman's mill. Blue Hawk.

A report received at Tokio from the Japanese armies in the field says the Russians evacuated Kalyum on Saturday after setting fire to the railroad station. Gen. Linvitch, in a telegram dated Saturday, tells of the occupation of Takamari by the Japanese and says "our armies continue their concentration." There is a report in St. Petersburg that Gen. Kurupshin will remain in Manchuria and assume a subordinate command but it is without verification. Dispatches from Gushu Pass say that Kurupshin's train left Saturday for St. Petersburg. Belated reports from the Japanese army tell of hard pursuit of the Russians, severe weather and frequent fighting.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucus surfaces of the system, thereby destroying the foundations of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

All the employees of the mines at Holden, W. Va., between 300 and 400 in number, mostly Italians, have gone on a strike on account of a change of wages. They had been receiving \$1.75 per day and was given notice that hereafter they would receive 40 cents per ton.

Huntington, W. Va., March 14.—H. G. Elmer, of Irionton, to-day purchased from Enoch & Dudley, a prominent real estate firm, an immense tract of timber land in Morgan County, Kentucky, for \$44,000. The new owner will develop the timber tract by building a narrow gauge road from it to the nearest railway line.

Mrs. Walter Day, of Breathitt county, accompanied by her infant child, passed through Lexington for Cincinnati, from which point it is said she will go to join her husband, who left Jackson mysteriously over a year ago, since which time nothing has been heard from him. Walter Day was a member of one of the best-known firms in Eastern Kentucky, and his disappearance created quite a stir at the time. He was State Treasurer under the Taylor administration.

Huntington, W. Va., March 14.—Harry Hood and Howard Wilson, young brackmen on the Chesapeake and Ohio Railroad, engaged in a wrestling match on top of one of the freight cars in the railway yards here this morning. Suddenly the engine backed up a string of cars against their train, pushing the car on which they were standing some 20 feet backward. The men were hurled head foremost between the cars. Both fell under the wheels, receiving injuries which may prove fatal. Hood lost his left foot and Wilson's right leg was severed.

Mrs. F. T. D. Wallace entertained Tuesday afternoon at an informal and delightful affair. The ladies were invited to take their sewing, but there was little accomplished in that line as an interesting guessing contest had been prepared which proved very entertaining. Small cards containing twelve rhymes descriptive of that many words were given to each and from these they were to guess the words, each of which began with the syllable "can." Mrs. Horton and Mrs. Turner succeeded in finding the hidden "can" in each of the verses. The bell-ringing tally cards and a coronation made pretty souvenirs.

An elegant luncheon was served in four courses and consisted of salad, fried and butter, pickles, orange-ice, cake, coffee and candy. The invited guests all of whom responded and immensely enjoyed the afternoon were: Mrs. P. C. Turner and mother, Mrs. Bunch, of Maryland, Mrs. P. B. Harrington, of Albany, N. Y., Mrs. W. F. Shipman and guest, Mrs. L. E. Herr, of Lexington, Mrs. O. F. Williams, Mrs. R. H. Ransland, Mrs. A. M. Hughes, Mrs. A. Sawyer, Mrs. Mary Horton, Mrs. Fannie Wade and Mrs. Al Savage.

With Mrs. A. J. Gurred as hostess the afternoon of last Thursday was delightfully spent at her home on Perry street by the Flinch Club and a few other guests. Several interesting games were played over which Mrs. Gurred, assisted by her sister, Mrs. Vic Pritchard, served a delicious luncheon, and presented each guest as a souvenir a beautiful card.

All present thoroughly enjoyed the afternoon and the members of the club pronounce it one of the most pleasant meetings they have had since their organization the first of the winter. Those present were: Mrs. R. H. Ragland, Mrs. Robt. Burchett, Mrs. T. H. Roberts, Mrs. J. D. Biggs, Mrs. G. R. Vinson, Mrs. S. J. Justice, Mrs. Nannie Hays, Mrs. Fannie Wade and Mrs. A. M. Hughes.

About thirty emigrants, men, women and children, left Louisa Monday afternoon for various points in the west. The majority of them went to Arizona and Pecos, Idaho. These people are all a good class of citizens and are from the upper Blaine country, this county. They are emigrating to these places for the purpose of becoming settlers and making permanent homes. They were secured for the C. & O. Railway and its connections by Passenger Agent, Joe Newman, of Huntington. They were the families of Reesce and Jas. Skaggs and L. M. Ferguson.

If Louisa could raise \$50,000 or \$60,000 to apply to the purchase of sites for enterprises of various kinds now open to location here, we could make a town of 5,000 inhabitants within two or three years. If all our business men could see the things in the proper light they would feel that they could afford to be very liberal. There are opportunities enough open to us now. If improved, to insure a two-fold increase in the business of almost every one in the community. In considering these things, figure what you can afford to pay to have your income doubled. It is simply a business proposition.

NOTICE.

All persons interested, and the public generally, are hereby notified that the firm of Shipman & Ragland, composed of W. F. Shipman and R. H. Ragland, doing business in Louisa, Lawrence county, Kentucky, has, on this, the 11th day of March, 1905, by mutual consent dissolved partnership.

The will of H. H. Gambill, deceased, was probated in County Court Monday. All his property was willed to his wife, and whatever is left at her death is to go to J. A. Holton and wife and to their heirs. Mrs. Gambill and Mr. Holton and family have gone to Mt. Sterling, where they will reside on a farm owned by Mr. Gambill just before his last illness. The farm is within a mile of the town.

Several young people gathered at the home of Mr. and Mrs. James Q. Lackey on the evening of St. Patrick's day and gave them a surprise party. As is always the case in this home it was indeed an enjoyable affair and the guests remained until a late hour. They took along crackers, pickles and cheese which constituted the lunch.

Two Canning Factories.

It is now said that Louisa is to have two canning factories. Representatives of the Hastings Industrial Co. said to be professional promoters, first circulated a subscription paper here for the sale of canning factory stock. Later on, specifications were produced by the company providing for a certain kind of plant of 10,000 cans daily capacity. Upon subsequent investigation the people became convinced that the Hastings people were not giving them the kind of the proposition in the contract was not satisfactory they would erect the factory for a commission of ten percent on the actual cost of the plant and building. When the Louisa Canning company organized and incorporated, it proposed to the Hastings people to have them build a factory of 25,000 cans capacity upon the ten percent proposition referred to above. The Hastings failed to accept this and the canning company proceeded to contract for a factory at the lowest prices obtainable. The price quoted was that the Louisa Canning Co. will be able to build a plant of double the capacity of that proposed by the Hastings company, and with additional labor-saving machinery, for less than \$4,000. The Hastings people's estimate calls for \$4,500.

The Hastings company representatives say they are going to build their factory also, and try to force the subscribers to pay for it. The subscribers say they will resist any effort to collect and will fight it to the end in the courts.

Whether a law suit results from this or not, the experience should at least teach the Louisa people to investigate the details of propositions submitted to them by professional promoters before subscribing to their schemes.

Sale of Personal Property.

Mrs. Jennie Beale will offer for sale at her residence in Fort Gay, on Tuesday, March 28th, at one o'clock, all her personal property, including live stock. Terms, cash for all amounts of \$5 or less. Three months time on larger amounts, with good note.

BY THE TONIC ROUTE.

The pills that act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottles cured me of chronic constipation." Sold by Louisa Drug Co.

Mr. Chesterfield, the canning factory man, has been in Louisa this week meeting the farmers and getting contracts for canning crops, such as beans, tomatoes, etc. He has already made something over 30 contracts for beans and tomatoes and says he will get sufficient contracts in by next week at latest.

Mrs. Dora Cook and sister, Miss Birdie Gault, entertained some friends Tuesday evening in a most delightful manner. Excellent refreshments concluded the evening's pleasure. Those present were Mrs. Nannie Hays, Miss Jane O'Brien, Messrs. F. L. Stewart, R. A. Moore, R. A. Given and Paul Gault.

Call on D. J. Louisa has a chance to secure a tannery. A representative of the company has wired that he would arrive here Thursday evening of this week to look over the situation and discuss the matter with citizens. The plant would employ about 50 men. A committee from the Board of Trade will meet the gentleman.

Mr. L. M. Copley will not move to Huntington, as was for awhile contemplated, but has taken charge of several counties in this section for a prominent insurance company and will have his headquarters at Louisa.

Canning Crops.

Beans grown for the Canning Factory will pay from \$75 to \$125 per acre. Tomatoes will yield six times or more as many bushels as corn and pay from \$30 to \$80 per acre. No farmer should fail to get a contract with the Canning Company and raise one acre or more of beans and two or three acres of tomatoes at least, as it will pay you and is no experiment, for at other places where they have canning factories they raise hundreds of acres of beans, tomatoes, etc., and pay the farmers thousands of dollars for them every year.

See Mr. Chesterfield, the manager of the Canning company, before it is too late, for particulars or contracts.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. Sold by A. M. Hughes.
